Thanks to a grant from
Humanities Kansas, we have
begun digitizing our local
history collection and will make
these historical items publicly
available online by June!

Programs & Activities

Free Programs Offered: 199
Number of Attendees: 4,310
STEM Camps Offered: 8
Number of Attendees: 67

Library Plans for 2026

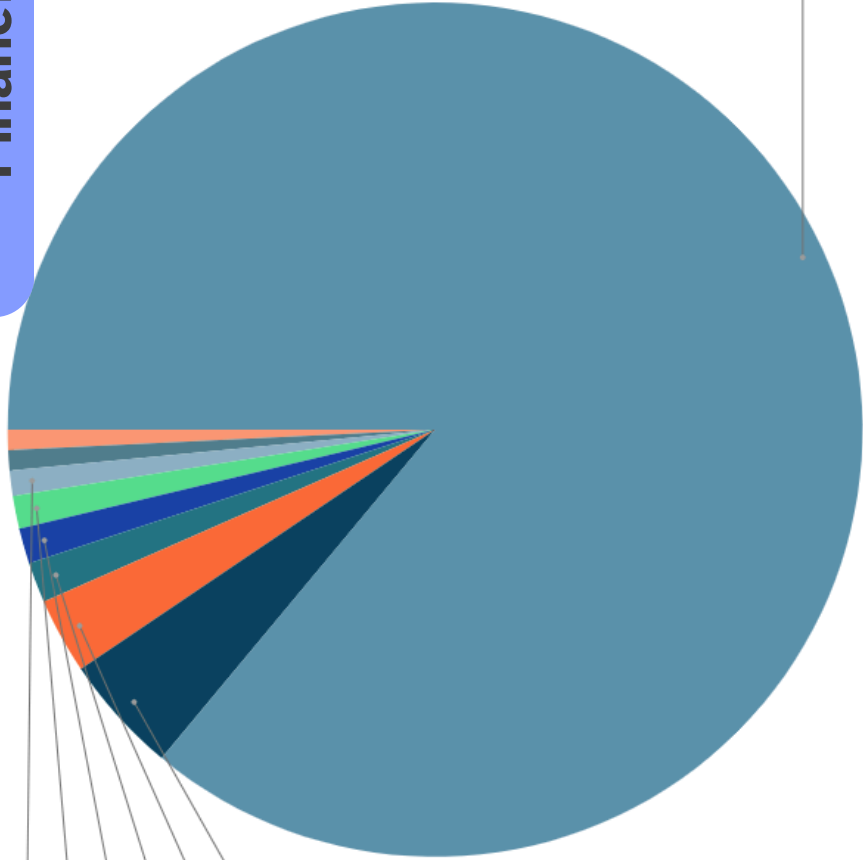

Digitization Project - Beginning in January 2026 and set to wrap up by June, this effort will help preserve historical materials and grant the public access by uploading them to our new digital archive!

Quiet Study Booths - The library will be adding 3 sound-proof pods for study, zoom meetings, and more.

Exterior Beautification - With support from the Carnegie Foundation and the Coffeyville Public Library Foundation, we plan to refresh the outside of the building in the coming months.
